RE: RECOMMENDATION LETTER FOR PROMINATIONS ADVERTISING

This letter serves as a communique to your esteemed company that we have been working with Prominations Advertising services by printing our company merchandise from them. We often have marketing activities that require us to have mass production of various merchandise such as branded t-shirts, hoodies, flyers, paper bags, coffee mugs, caps and many more. We have been receiving exceptional services from them and applaud them for their efficient and quality work.

Should you require any further information from us kindly do not hesitate to contact me on (+267) 74 633 127.

I hope you will assist Prominations Advertising in their endeavors.
